## A Thriving Community

Statistics show that a vibrant library system is an important factor in strengthening community vitality and resilience.

In 2017, we developed a new Strategic plan that reflects the ongoing growth of our communities as well as embracing the changes in technology.

Having three unique communities within our Township enables us to develop innovative programs to service the diverse year-round and seasonal patrons who live, work and play here.

## 2019 Highlights

The library offered many successful programs during the year. A few of them include:

- Pre-school Storytime Programs
- TD Summer Reading Program
- Pumpkin Mania Family Event
- Seed Library
- Mr. Duda Magic Show
